

REMARKS

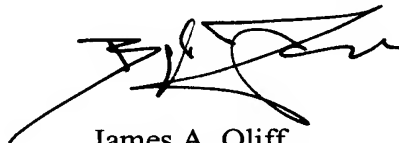

Claims 9 and 10 remain pending in this application. By this Amendment, allowed claim 9 is amended. No new matter is added.

Specifically, claim 9 is amended to recite "light of the plurality of the different peak wavelengths" instead of "light having the plurality of the different peak wavelengths" so as to be consistent with the "light of the plurality of the different peak wavelengths" feature recited at least at lines 6-7 and 11-12 of claim 9.

Entry of these amendments is proper under 37 C.F.R. §1.132 because the amendments do not affect the scope of the claims, are necessary for proper disclosure, and are required for consistency with the specification. Further, there is no substantial amount of work necessary by the Examiner to review and approve these changes.

Should the Examiner desire any further amendments or information, the Examiner is invited to contact the undersigned at the telephone number set forth below.
